## WORK EXPERIENCE

---

**Mainstreethost**, Buffalo, NY  
Web Developer - Full Time

March 2018 – October 2020

- I created 125+ sites for small business clients using Wordpress CMS.
- Sites types included informational and e-commerce, both large and small with a focus on SEO.
- Used HTML, PHP, Javascript, SASS, CSS: flexbox & animations, Custom Post Types, advanced custom fields and WooCommerce to create stunning websites.
- Received Employee of the Month honors.
- Created fleshed out mockups and communicated with clients about hosting and site progress.
- Provided website support, training and Q&A post site launch.

**Delaware North Companies**, Buffalo, NY

Sept 2017 – March 2018

Web Designer for Digital Marketing Dept. – Intern/Temp

- I helped to create over 20 new microsites and worked on over 50 microsites.
- I contacted different units to create and modify their websites and to discuss design options.
- Attended meetings and events related to web design, amazon web services, wordpress, Facebook Ads, Sitecore and Photoshop.
- Created wireframes and templates for potential websites.
